

Pneumatically and electropneumatically operated valves - Series 8

Product code: 810C3404-F131N-NPP

Datasheet creation date: 10/03/2025 12:02

TECHNICAL DATA

Series	8
Size	10 = Size 1
Body design	C3 = valve with aluminium body threaded connections
Number of ways - Function	4= 3/2 NC
Pneumatic connections	04= G1/8
Orifice diameter	F1= 5.0mm (T1)
Seal material	3 = FKM
Body material	1= aluminium
Manual override	N = not foreseen
Mounting accessories	N = not provided
Options	PP = pneumatic piloting
Electrical connection	not provided
Voltage - power consumption	not provided
Version	= Standard

Pneumatically and electropneumatically operated valves - Series 8

Product code: 810C3404-F131N-NPP

DIMENSIONS

Series	8
Size	10 = Size 1
Body design	C3 = valve with aluminium body threaded connections
Number of ways - Function	4= 3/2 NC
Pneumatic connections	04= G1/8
Orifice diameter	F1= 5.0mm (T1)
Seal material	3 = FKM
Body material	1= aluminium
Manual override	N = not foreseen
Mounting accessories	N = not provided
Options	PP = pneumatic piloting
Electrical connection	not provided
Voltage - power consumption	not provided
Version	= Standard
