### TECHNICAL DATA

|                      |                                |
|----------------------|--------------------------------|
| Series               | MD                             |
| Connection type      | GAS                            |
| Input                | G3/8                           |
| Output               | G3/8                           |
| Flow direction       | from left to right             |
| Function             | F = Filter                     |
| FN01A                | 1 = 5µm                        |
| FN01B                | 0 = semiautomatic-manual drain |
| FN01C                | 1 = present                    |
| FN01D                |                                |
| AC01A                | -                              |
| AC01B                |                                |
| AC01C                |                                |
| Function description | Filter with 5µm filter element |
| Function             | -                              |
| FN02A                |                                |
| FN02B                |                                |
| FN02C                |                                |
| FN02D                |                                |
| AC02A                |                                |

## Assembly configurator - Series MD

Product code: MD1-F101-3/8

### DIMENSIONS
