

Direct acting solenoid valves - assembly - Series P

Product code: P106-485-P53

Datasheet creation date: 10/03/2025 11:39

TECHNICAL DATA

Series	P
Body execution	1 = single manifold
Number of seats	6
Number of ways - Functions	4 = 3/2 way - NO
Valve connections	8 = tube Ø 4 mm fittings - bottom outlets
Orifice diameter	5 = Ø 0.9 mm
Materials	P = PBT body - NBR - FKM - PU seals
Electrical connection	5 = industrial standard (9.4 mm)
Voltage - Absorbed power	3 = 24 V DC - 2 W
Fixing	= fixing screws for metal
Options	= Standard

Direct acting solenoid valves - assembly - Series P

Product code: P106-485-P53

DIMENSIONS

Series	P
Body execution	1 = single manifold
Number of seats	6
Number of ways - Functions	4 = 3/2 way - NO
Valve connections	8 = tube \varnothing 4 mm fittings - bottom outlets
Orifice diameter	5 = \varnothing 0.9 mm
Materials	P = PBT body - NBR - FKM - PU seals
Electrical connection	5 = industrial standard (9.4 mm)
Voltage - Absorbed power	3 = 24 V DC - 2 W
Fixing	= fixing screws for metal
Options	= Standard
